must receive training annually. If you attended Training in February 2010, you do not need to attend.

YEOs,

YECs and families should all register.

## Why:

All Rotary districts must provide this training and certify to the U.S. State Department

that the training has been done.

We will be having another training session in February for host families, YEOs and YECs. But

remember, **all host families must be trained before the student moves into their homes.**
